### Hair Consultation Billing Policy

I am seeing Dr. Emily Wise today for a consult for loss of hair. Dr. Wise will bill my insurance company for the office visit. If my insurance company denies payment for this visit, I understand that I am completely responsible for prompt payment in full to Krauss Dermatology.

I understand that Krauss Dermatology will not do appeals on my behalf: this is something I can take up with my insurance company through member services. Even if I have a referral from my Primary Care Physician, I have been made aware that it will be the insurance company that decides whether I am covered or not.
